

Shaw's Truck Repairs Pty Ltd

Environment Policy

Shaw's Truck Repairs Pty Ltd regards environmental care as an integral part of its business and is committed to the responsible management of environmental matters. Shaw's Truck Repairs aims to minimise environmental impacts at every stage of work.

Shaw's Truck Repairs will be managed with regard to the protection of the environment and all employees are committed to:

- Compliance with relevant environmental legislation, licenses and agreements
- Environmental commitments and agreements entered into by clients
- Complying with our client's Environmental Policy and Procedures
- Continual improvement in environmental management for the prevention of pollution and the promotion of efficient use of resources

Shaw's Truck Repairs will always aim to:

- Identify, alleviate and rectify potential environmental impacts of our activities
- Provide safeguards and contingency plans to mitigate potential negative environmental impacts
- Promote a culture of environmental responsibility with the workplace

Shaw's Truck Repairs recognizes that its competitiveness is dependent upon the ability to meet the demands of its customers, the community and the government by the responsible environmental management of its services.

Peter Shaw
Director
